Mi Perfil / Mi Material

The screenshot shows the user profile for Alex Silva (ID: CS-2024-1847, Computer Science Student). The profile includes a navigation bar with 'Syshub', 'Dashboard', 'Forum', and 'Upload Project'. A search bar and notification bell are on the right. The main content area is divided into three sections: 'My Uploaded Projects', 'Recent Forum Activity', and 'Quick Stats'. 'My Uploaded Projects' lists three projects: 'E-Commerce Web Application' (Approved, 14/3/2026, React, Node.js, MongoDB), 'Machine Learning Image Classifier' (Pending, 9/3/2026, Python, TensorFlow), and 'Mobile Task Manager App' (Approved, 27/2/2026, React Native, Firebase). 'Recent Forum Activity' lists three posts: 'Help with React Hooks' (12 upvotes, 2h ago), 'Best practices for API design' (8 upvotes, 5h ago), and 'Database normalization question' (15 upvotes, 1d ago). 'Quick Stats' shows 3 Total Projects, 12 Forum Posts, and 28 Contributions.

Project Name	Status	Date	Technologies
E-Commerce Web Application	Approved	14/3/2026	React, Node.js, MongoDB
Machine Learning Image Classifier	Pending	9/3/2026	Python, TensorFlow
Mobile Task Manager App	Approved	27/2/2026	React Native, Firebase

Forum Post	Upvotes	Time Ago
Help with React Hooks	12	2h ago
Best practices for API design	8	5h ago
Database normalization question	15	1d ago

Category	Count
Total Projects	3
Forum Posts	12
Contributions	28

The screenshot shows the user profile for John Doe (ID: CS-2024-1234, Student, Auxiliar, Moderator). The profile includes a navigation bar with 'Syshub', 'Dashboard', 'Forum', and 'Upload Project'. A search bar and notification bell are on the right. The main content area is divided into four sections: 'My Projects', 'Forum Activity', 'My Teaching Resources', and 'Projects for Validation'. 'My Projects' lists two projects: 'Full-Stack E-Commerce Platform' (Approved, 9/3/2026, 42 upvotes, 15 comments, React, Node.js, MongoDB) and 'Machine Learning Model for Predictions' (Pending, 4/3/2026, 28 upvotes, 8 comments, Python, TensorFlow). 'Forum Activity' lists two posts: 'How to optimize React performance?' (24 upvotes, 12 comments) and 'Database normalization best practices' (18 upvotes, 8 comments). 'My Teaching Resources' lists two resources: 'Advanced React Patterns - Video Tutorial' (Video, 11/3/2026, 234 views) and 'Database Design Best Practices Guide' (Guide, 7/3/2026, 189 views). 'Projects for Validation' shows 2 projects. A 'Moderation Queue' section shows two items: 'Help with React Hooks' (Spam, 2026-03-17) and 'Off-topic discussion' (Inappropriate content, 2026-03-16).

Project Name	Status	Date	Upvotes	Comments	Technologies
Full-Stack E-Commerce Platform	Approved	9/3/2026	42	15	React, Node.js, MongoDB
Machine Learning Model for Predictions	Pending	4/3/2026	28	8	Python, TensorFlow

Forum Post	Upvotes	Comments
How to optimize React performance?	24	12
Database normalization best practices	18	8

Resource Name	Type	Date	Views
Advanced React Patterns - Video Tutorial	Video	11/3/2026	234
Database Design Best Practices Guide	Guide	7/3/2026	189

Project Name	Status
Projects for Validation	2

Carga de Proyectos:

The screenshot shows the 'Upload Academic Project' interface on the Syshub platform. The header includes the Syshub logo, navigation links for 'Dashboard', 'Forum', and 'Upload Project', and a user profile icon labeled 'AS'. The main heading is 'Upload Academic Project' with a subtitle 'Share your work with the community and get feedback from peers and instructors'. The form contains four sections: 'Project Title' with a text input field containing 'e.g., E-Commerce Web Application with React'; 'Description' with a large text area and a note 'Provide a detailed description of your project, its features, and what you learned...' and 'Minimum 50 characters. Be descriptive!'; 'Tech Stack / Tags' with a text input field containing 'Type a technology and press Enter (e.g., React, Python, MongoDB)' and a note 'Add technologies used in your project.'; and 'Project Files' with a dashed box containing a cloud upload icon and the text 'Drag and drop files here'.
